

The new standard  
for treatment tables  
***gymna.ONE***  
Your professionalism. Our expertise.

# HOW YOUR PASSION TAKES SHAPE

## COLOURS

Personalise the design of your gymna.ONE. Choose one of the 5 colours that reflect your professionalism and create the right atmosphere for your practice.

*Modern and innovative design*

*Durable and natural materials*

*Integrated base*

## PURE DESIGN

---

Gymna.ONE represents the heart of your practice, creating a pleasant working environment. The use of durable and natural materials, such as wood and aluminium, makes gymna.ONE unique. Combined with the proven reliability of Gymna technology, the modern and pure design of this treatment table creates a truly harmonious atmosphere in your practice. ■

YOUR

# PROFESSIONALISM

Gymna.ONE is designed to offer you the best possible conditions for your treatments. i-Control\* offers you two ways of height adjustment: a continuous mode for quick up and down movement and a start-stop mode for small pulsed adjustments, allowing you to find the optimal treatment position. The innovative Ergomax face support\* is made of soft, seamless and comfortable foam. It is ergonomically-shaped, removable, washable and can be positioned in two directions. Gymna.ONE is equipped with lateral supports. These make it possible to maintain an ergonomic working position. The continuous research and development at Gymna has created the latest professional standard for treatment tables. ■

\*Patent pending

*Lateral supports for an ergonomic working position*

*i-Control\*: intelligent foot-operated system for height adjustment*

*Ergomax face support\*: easy to clean and hygienic*

# PROFESSIONAL TREATMENTS

## OPTIMALLY FORMED

A unique closed base in a pure design that covers all technical elements.

# OPTIMAL PATIENT EXPERIENCE

## ERGOMAX FACE SUPPORT

The removable and washable cushion can be used in two directions, depending on the length of the patient. The Ergomax face support improves patient comfort, hygienic use and leaves minimal pressure marks on the face.

*Thermo cushions with three temperature levels for extra comfort*

*Arm supports for a stable and relaxed position*

*Body-shaped cushion*

OPTIMAL

## COMFORT

As a therapist you are concerned about the wellbeing of your patient and the effectiveness of your treatments. Every detail of gymna.ONE is designed taking into account the comfort of your patients. Gymna.ONE is the only treatment table equipped with the innovative Thermo cushions. By selecting one of the three temperature levels, you are able to adapt to the individual needs of your patients. The body-shaped cushions together with arm supports add extra stability for a safe patient position. Gymna.ONE generates confidence and trust among your patients. ■
